

Best Engineering (Service Division) Ltd

Instrumentation Calibration

We offer calibration, repair, sales and hire of a wide variety of test and measuring instrumentation.

To ensure the quality and consistency of the calibration work undertaken, all calibrations are traceable to National Standards, and are covered by a Quality Management System registered to BS EN ISO 9001:2008.

We offer these services either on-site, or in our workshop.

Calibration Services

Electrical:

17th Edition Testers, Loop Tester, RCD Tester, Insulation/Continuity Tester, Multifunction Tester, Digital Multimeters, Clamp Meters, Portable Appliance Tester, Earth Ground Resistance Tester, Earth Leakage Clamp, Phase Rotation Tester, Voltage Indicator Proving Units, Cable Avoiding Tools (CAT's/Genny's), Power Quality Analyser, Digital Tachometers, Lab Power Supply, Frequency Generator/Counters, Flash Testers, Phase Indicators.

Pressure: (up to 1100Bar/16000psi)

Pressure Gauges, Pressure Recorders, Digital Manometers, Transducers

Temperature:

Digital Thermometers, Temperature Recorders, Glass Thermometers, Dry Well Calibrators, Temperature Baths, Controllers, Indicators, Thermocouple and RTD Simulation.

Torque: (up to 1000Nm)

Torque Wrenches, Torque Screwdriver, Pre-Set Wrenches.

Sales

We offer a comprehensive range of new instruments, test equipment and accessories from all leading manufacturers, including:

- Fluke
- Kewtech
- Seaward
- ETI Ltd
- Clare

Repair Services

Any minor adjustments required are included in the price of the calibration. If the instrument requires a repair or more than minor adjustment the customer will be informed before proceeding.

Where possible all repairs are carried out by our own technicians, often down to component level. If required, we will arrange for the unit to be returned to the manufacture for a factory repair.
